

Couchiching Point Residents' Association

Annual Report 2017

Membership - This last year we managed to increase our membership. Thank you to our directors who go around to houses to collect. Please help them if they leave you an envelope, if they missed you, by filling in your information and putting it in their mailbox.

President's Report - Betty sent out her report for the year in her August newsletter to everyone.

We are still looking for a volunteer or volunteers to run a golf tournament or something equivalent. Please think about it and let Betty know either on Saturday or by email if you would be willing to take this on.

History of the Point - Alda McMahon is still working on her web site about the Point and would still like more information for it. Please contact her at aldamcmahon@rogers.com and go on line to read all she has done so far at www.couchichingpoint.yolasite.com.

Board for 2017-18 - Everyone on the board is willing to stand next year, but if anyone would like to join or take on a specific position please let any of us know. We could really do with more directors.

So our slate for next year stands at the following:

President	Betty Bridgens
Vice President	Ron Vance
Secretary	June Healy
Treasurer	Stephanie Worthington
Directors	Sandy Dougall Martha Ewart Laurel Fischer Marilyn Gordon Tom Nicol Liz Thompson

Canal Update - There is no report from the canal committee as it has been disbanded awaiting the city council to finalize the details for a new combined Working Group to be voted on at Council on September 25th. Hopefully, before Thanksgiving there will be a meeting for North and South Canal residents at City Hall. All canal residents had their lots surveyed again and we wait to see what the council plans to do regarding encroachments. Our committee has been presenting what they think should happen with the canals. Canal residents will be notified more about this meeting when information is available.

Speeding – The Board has received some requests to remind people not to speed on Broadview Avenue. It is tempting to speed up because of the length and straightness. Please be patient and stick to the speed limit.

Couchiching Point Residents Association

From President Betty - As President of the Couchiching Point Resident's Association I would like to thank all the members of the executive and directors for what they do for the Point. Ron is an excellent Vice President and keeps everyone informed of what is happening. He also keeps our approach along Couchiching Point Road looking wonderful with Karen's help. June as secretary sends out cards as well as other secretarial duties. Stephanie looks after our money and has this year transferred to the Toronto Dominion Bank which we feel will better serve us. Our directors have the big job of collections. They walk around their route 2 or 3 times before catching most of their residents and therefore they need whatever help you can give them. Thank you everyone!

Presented by Betty Bridgens, President betty@bridgens.ca or 705-326-1125 (all year)
